

# CLEAN ALL-PURPOSE BIO-DEGREASER

## Description

An eco-friendly, economical concentrated bio-surfactant degreaser derived from natural feedstocks, prioritizing sustainability without compromising performance. It's the ideal heavy duty all purpose cleaner degreaser that may be applied manually, with pressure power washer systems, or auto floor scrubbers for commercial maintenance cleaning.

The biorenewable chemistry is optimized with our proprietary biosolvent technology for an extra power boost not found in economical cleaners. This additive enhances performance that has a dual affinity to oil and water for faster breakdown of hydrocarbon and organic soils, yet is versatile enough for safe cleaning on multiple surfaces.

Our solution is a game changing chemical engineering breakthrough that is free from VOCs, caustic chemicals, combustibility, toxicity, corrosion, human and environmental hazards. Achieve deep cleaning that is residue free without phosphates, butyls, or irritating fragrances. Experience the future of cleaning where safety meets efficacy! Choose our powerful, sustainable solution to protect your surfaces, workers, and environment.

## Intended Uses

Used to clean floors, counters, machinery, engines, grills, oven hoods, building exterior, kennels, warehouse floors, factories, sidewalks, transit stations, airports, schools, etc.

Removes oil, grease, grime, organic matter, and more.

Polished Concrete • Block • Pavers • Siding • Wood • Tile  
Stone • Metals • Fiberglass and More

(Heavy Soils- Pretreat stain full strength with agitation. Allow a wet dwell for 2-10 minutes or double pass auto scrub. Power rinse with agitation and extraction. If a more powerful degreaser is desired, choose Crazy Clean BioSolvent Degreaser)

\*Always pretest delicate surfaces for compatibility prior to use.

## Performance Features

- Non-Corrosive to Metals
- Concentrated - Dilutable
- Non-Flammable
- Bio-Surfactant Technology
- Low to No Foam
- Superior Penetration
- Quick Rinse Formula
- Not a Skin, Eye Sensitizer

## Green Building & Sustainability Features

- Zero VOC Emissions
- >50% Renewable Carbon
- Biodegradable
- Virtually Odorless
- Made in the USA
- No Carcinogens
- Green Ingredients List
- Safer Choice Compliant

## Technical Product Information

### DILUTION GUIDELINES

Heavy Degreasing: Use full strength up to 3:1 or (32 oz per 1 gallon H<sub>2</sub>O)

Medium Degreasing: Dilute 4:1 (26 oz per 1 gallon H<sub>2</sub>O) to 10:1 (12 oz per 1 gallon H<sub>2</sub>O)

Light Degreasing: Dilute 11:1 (11 oz per 1 gallon H<sub>2</sub>O) to 30:1 (4 oz to 1 gallon H<sub>2</sub>O)

Powerwasher Feed: Dilution up to 100:1 (2 oz to 1 gallon H<sub>2</sub>O)

APPLICATION NOTES: Heating up to 160°F accelerates efficacy, but not necessary. For heavy soils, pretreat, scrub, and let dwell for 2-10 minutes or double scrub.

TOOLS/EQUIPMENT: Pump sprayer, airless sprayers, spray systems, powerwashers, extractors, reclamation vehicle systems, etc.

OUR INGREDIENTS & SUPPLY CHAIN PROCESS: A Commitment to Sustainable Chemistry.

We have every raw material evaluated and screened using a third party service partner comparing ingredients against the most current GreenScreen® and Red List Chemical databases prior to launching any new product. Additionally, every supplier agrees to participate in our full ingredient transparency program to ensure every ingredient they use in their material down to a minimum of 100 ppm, can be screened, then submitted for a LEED and other "Green Building" program reports when required.

### TECHNICAL DATA:

Chemical Type:	Water Based Bio-Surfactant Mixture
pH Concentrate:	9 - 10
Flash Point	Non-Flammable/Non-Combustible
Freeze Point	32°F
Dwell Time:	2-10 Minutes
Odor:	Mild, No Fragrance Added
Biodegradable:	Yes
Bio-Based Content:	>50%
VOC Content:	0 Grams/Liter

Store at room temperature. Keep from freezing or extreme heat.

MANUFACTURED FOR:  
Crestek Cleaning Center, Inc  
1161 Kapiolani Blvd  
Honolulu, HI 96814
